

**Executive Board**  
**12<sup>th</sup> Session**  
**8-9 June 2010**  
**WHO Geneva, Switzerland**

**Resolution n°14**

**Action name:** Improving Access to Prompt and Effective Treatment of Malaria through Community Health Workers that Diagnose Malaria with Rapid Diagnostic Tests and Treat with ACTs in the Community

**Organization (s):** CNHDE (Centre for National Health Development in Ethiopia, a Centre of the Earth Institute at Columbia University)

The Board of UNITAID (the "Board") takes note of the Concept Note relating to the project: *Improving Access to Prompt and Effective Treatment of Malaria through Community Health Workers that Diagnose Malaria with Rapid Diagnostic Tests and Treat with ACTs in the Community* submitted by CNHDE with a budget of US\$65,440,175. The Board also acknowledges the IEAG review of this Concept Note and the related recommendation(s).

**Lead recipient:**

CNHDE

**Amount:**

US\$65,440,175 (3 years 2010 to 2013)

**Action by the Board:**

In light of the current level of funds available, the Board defers its decision on this Concept Note and requests the Secretariat to inform the proponent accordingly. The Board further authorizes the Secretariat to communicate the IEAG comments to the proponent.

This decision does not imply a funding commitment by the Board.
