

Resolution n° 20-2018-e

Unitaid support to WHO prequalification of medicines and in vitro diagnostics, and to the WHO collaborative procedure for registration (2019-2021)

Recalling that Unitaid has provided support to the WHO Prequalification of Medicines Programme since 2006 and Diagnostics Programme since 2009;

Noting the alignment of the new proposed project for 2019-2021, entitled “Unitaid support to WHO prequalification of medicines and in vitro diagnostics, and to the WHO collaborative procedure for registration” (the “Project”), with Unitaid’s current Strategy;

The Board authorizes, subject to the availability of funds, the Executive Director to commit US\$ 22,100,000 for the Project, subject to the signature of the legal agreement between WHO/RHT and Unitaid.

Lead Organisation: World Health Organization Regulation of Medicines and other Health Technologies (RHT) / Prequalification (PQ)

Project Duration: 3 years, from 01 January 2019 until 31 December 2021

Marta Mauràs
Chair of the Unitaid Executive Board
