Organised via videoconference

Resolution n°1

External review and extension of Unitaid's 2017-2021 Strategy

The Executive Board requests the Secretariat to commission an external review of Unitaid's current Strategy, designed to strengthen and provide key inputs for the ongoing development of Unitaid's next Strategy.

The review shall be conducted by one or more external consultants and shall be overseen by the Board leadership*, acting as a Steering Committee.

The Secretariat is requested to propose terms of reference for the review for the Steering Committee's validation. The terms of reference shall include appropriate stakeholder engagement, including with technical, implementing and funding partners, as well as countries, communities and civil society.

The Executive Board acknowledges the need to extend the timeline for the development of the next Strategy to accommodate the inclusion of the external review and therefore hereby extends the application of the current 2017-2021 Strategy by an initial period of a further six months to 30 June 2022.
