

WE DRIVE INNOVATION

We understand global health challenges and opportunities.
We are clear in our vision and business model.
We believe in applying all our energy and enthusiasm to nurturing new ideas as they grow into practical solutions.
We seek maximum impact.

WE SUCCEED TOGETHER

We believe that collective effort is stronger than the sum of individual responses.
Working together also brings individual success.
We share information generously and strategically.
We stay humble.
We challenge assumptions but we stand by decisions.

WE THRIVE ON NEW THINKING

We are optimistic about moving beyond the status quo in global health.
Our ideas seek to advance the global health agenda.
We encourage each other to think creatively to find solutions.
Our work is grounded in reality and evidence-based.

WE ARE PROFESSIONAL

We show our professionalism in all aspects of our work, from the quality and timing of deliverables to treating each other with respect.
We are positive in our interactions with colleagues and partners.
We listen to each other.
