

**Executive Board
8th Session
2-3 July 2008 - Geneva, Switzerland**

Resolution n°6

**Action name: Request for expansion and extension of Paediatric TB Project
Organization (s): Global Drug Facility / Stop TB Partnership**

The Board of UNITAID authorizes the Executive Secretary to commit additional funding support up to US\$5 938 952 for the ongoing *Paediatric TB Project*.

Lead recipient:

GDF

Purpose:

Pooled procurement of paediatric anti-TB drugs and proactive engagement of industry to positively impact Paediatric TB drug market dynamics through improvements in price and quality and the development of child-friendly formulations.

Proposed Amendment to Total Project Cost:

From US\$ 5 665 000 to US\$ 11 603 952

Additional funding required is US\$5 938 952 to expand coverage to a total of 750 000 paediatric treatments for 58 countries.

Project Duration

2007-2011

Date of first disbursement:

1, November, 2008

Conditions for UNITAID funding support:

- Mutual agreement between UNITAID and GDF on the cost-sharing approach for the two Upper-Middle Income Countries (Kazakhstan and Lebanon).
- Signature of a revised legal agreement between GDF and UNITAID.
