details TBC

Unitaid will convene its annual Industry
Engagement Meeting with Manufacturers of
Generic Pharmaceutical Products to:

(i) present an overview of its current
investments and areas for intervention, and

(ii) discuss how to engage further with the
pharmaceutical sector on the development
of new products and innovations for HIV/
AIDS, HCV, tuberculosis, and malaria.

Unitaid will also take this opportunity to
schedule bilateral meetings with selected
manufacturers to deep dive on specific
interest areas on 29 and 30 November 2017.

Kindly confirm your participation by writing to rsvp-unitaid@unitaid.who.int by 1 November 2017.

Please note that an agenda will be circulated as the date of the event approaches.
