

17th Executive Board  
3 – 5 December 2012  
WHO Headquarters, Salle D  
Geneva, Switzerland

## Resolution n°8

### **2012 Paediatric ARV Call – CHAI/PFCSM Innovation in paediatric market access (IPMA)**

Taking into account the outcome of the PRC review of 23-26 October, 2012;

Emphasizing the importance of the expanding access to paediatric ARVs;

Acknowledging the current lack of clarity and formal confirmation from the Global Fund that they will purchase via the Central Procurement Service mechanism outlined;

The Board of UNITAID decides not to fund the proposal submitted at this time. The Board confirms its commitment to the Paediatric ARV access and therefore invites CHAI/PFSCM to submit a revised proposal and budget for further consideration by UNITAID's PRC and Board that includes:

1. Confirmation of agreement to purchase through Central Procurement Service mechanism by Global Fund
2. Confirmation that there be no duplication with cost extension request for current CHAI Paediatric Project
3. Clarification of the Central Procurement Service mechanism
4. Active exploration by proponents of co-funding by the Global Fund as the main participant in the Central Procurement Service mechanism

A handwritten signature in blue ink, appearing to read "Philippe Douste-Blazy".

Philippe Douste-Blazy  
Chair of the UNITAID Executive Board
