

Resolution R10-2-22-e

Cost Extension for the Project “Health for all: Increasing access to HIV, TB and Hepatitis C treatment through effective use of TRIPS flexibilities”

Recalling Executive Board Resolution Unitaid/2018/R7-e through which the Board authorized, subject to the availability of funds, the Executive Director to commit up to USD 4,899,620 for the project “Health for all: Increasing access to HIV, TB and Hepatitis C treatment through effective use of TRIPS flexibilities” (“the Project”) to be implemented by the Third World Network;

Noting that in 2021, the Secretariat approved a twelve-month no-cost extension of the Project, ending the grant on 31 December 2022;

Further noting that pursuant to the authorization set out in Resolution R5-2020-e, as further extended by Resolution R23-2021-e, the Secretariat authorized an expansion of the scope of the Project, to include support for activities to address COVID-19 carried out by 31 December 2022;

Recognising the importance of the completion of the ongoing work and taking into account the assessment by the PRC, together with the Secretariat’s recommendations, the Board authorizes the Executive Director, subject to the availability of funds, to commit additional funding of up to US\$ 706,988 for a twelve-month extension of the Project, up to 31 December 2023.

The additional funding and extension to the Project duration are conditional upon signature of an amendment to the legal agreement between Unitaid and the Third World Network.

Lead Organization: the Third World Network

Marisol Touraine
Chair of the Unitaid Executive Board
