

Resolution n°21-2024-e

Unitaid support to PAHO for enabling activities related to the AHD portfolio

Recalling Board Resolution EB27/2017/R5, through which the Board supported the need for the Secretariat to focus strategically on “Optimising management of coinfections and comorbidities in people living with HIV” (the “AFI”) and requested the Secretariat to launch appropriate calls for proposals within the AFI;

Recalling Board Resolutions R3-2024-e and R4-2024-e, both dated 8 January 2024, which authorised the Executive Director to commit funding for the projects entitled, respectively: (i) “Transforming Advanced HIV Disease care in LMICs through comprehensive and equitable access (‘THRIVE’)” to be implemented by the Clinical Health Access Initiative; and (ii) “Improved access to AHD care and Treatment 4HIV (‘IMPAACT4HIV’)” to be implemented by The Aurum Institute; (together (i) and (ii) referred to herein as the “AHD Portfolio”);

Acknowledging the need for enabling support for the AHD Portfolio from the Pan American Health Organisation (“PAHO”) in order to implement complementary activities and ensure scale-up within the Latin America and Caribbean region, together with PAHO’s request for funding support from Unitaid for the implementation of a project incorporating these activities (the “Project”); and

Acknowledging the recommendations of the Secretariat and the Proposal Review Committee, the Executive Board authorizes the Executive Director to commit up to US\$ 4,996,218 for the Project, subject to availability of funds.

Funding is conditional upon signature of a legal agreement between Unitaid and PAHO.
