

Resolution n°2-2021-e

Extension for the Project ‘Preparedness for the Rollout of Effective HIV Prevention among Key Affected Populations in Brazil, Peru and Mexico’

Recalling Unitaid Board Resolution R7-2017-e in which the Board authorized the Executive Director to commit an amount of up to US\$ 26,355,192 for the project entitled “Preparedness for the Rollout of Effective HIV Prevention among Key Affected Populations in Brazil, Peru and Mexico” (the “Project”), to be implemented by FIOTEC during a three year period ending on 30 June 2020;

Noting that during 2020, the Unitaid Secretariat approved a 12-month no-cost extension to the duration of funding for the Project, ending 30 June 2021;

Noting that FIOTEC has since made a request for a further 6-month no-cost extension to the duration of funding for the Project;

Acknowledging the rationale for supporting this request, the Board authorizes the Executive Director to extend the duration of funding for the Project by a further six months to 31 December 2021 at no additional cost, subject to the signature of a formal amendment to the legal agreement for the Project.
