

UNITAID Executive Board Meeting

25th Session

22-23 June 2016

**Hôtel de Ville de Paris and
French Ministry of Foreign Affairs and
International Development
Paris, France**

Resolution n°5

**Development of Strategy 2017-2021: Strategic Option -
Reproductive, Maternal, Newborn and Child Health (RMNCH)**

The Executive Board takes note of the analysis on the Reproductive Maternal Newborn and Child Health (RMNCH) landscape presented during the 25th session of the Executive Board and requests that UNITAID Secretariat includes RMNCH in the scope of the draft UNITAID Strategy 2017-2021.

The Board supports that the Secretariat continues to monitor the landscape for potential opportunities in RMNCH.

The Board requests the Secretariat to consider potential areas for intervention for Board endorsement in HIV/AIDS, TB and malaria linked to RMNCH.

A handwritten signature in blue ink, appearing to read "Ph. Douste-Blazy".

**Philippe Douste-Blazy
Chair of the UNITAID Executive Board**
