

Unitaid Executive Board Meeting  
42<sup>nd</sup> Session  
14-15 June 2023  
The Forum, Global Health Campus  
Geneva, Switzerland

## Resolution n°2

### **Area for Intervention: Accelerate access to tools to drive Elimination of Mother-to-Child Transmission (EMTCT) of HIV, syphilis, and hepatitis B, including Chagas in endemic areas**

Having considered the analysis provided by the Secretariat as set out in document UNITAID/EB42/2023/9, together with the recommendations of the Policy and Strategy Committee (PSC) presented to EB42 by the Chair of the PSC;

The Executive Board supports the need for Unitaid to focus strategically on “Accelerating access to tools to drive Elimination of Mother-to-Child Transmission (EMTCT) of HIV, syphilis, and hepatitis B, including Chagas in endemic areas”, with a view to contributing to global targets set out by the World Health Organization and the Sustainable Development Goals.

The Board requests the Secretariat to launch appropriate calls for proposals within this Area for Intervention and to present progress on implementation to the PSC.

The Board’s endorsement of this Area for Intervention has no budgetary implications.

Cecilia Kiku Ishitani  
Vice-Chair of the Unitaid Executive Board

Date: 15 June 2023
