### **Resolution n°3**

## **Prioritization Framework**

The Board requested that the Secretariat develop a Prioritization Framework.

This framework will include three levels of prioritization as follows:

1. Organisational level
2. Strategic level
3. Proposal level

The process for development of the Framework will include:

- A review of lessons learned from prioritization activities in other Global Public Health organizations;
- Consultation with Board Members and relevant stakeholders;
- Review of the forms for concept notes and for proposals, based on the November 2009 EB approved 'Strategy 2010-2012' document.

The Framework will facilitate discussions at the next EB retreat, with recommendations on prioritization to be reviewed by the Board at EB14.

These activities will be carried out over the next six months and completed in time for EB 14 in June 2011.
