Resolution n°18

UNITAID Name Protection

Bearing in mind the importance of the UNITAID name and its use in connection with UNITAID funded activities, the Board agrees on the need to ensure that the UNITAID name is adequately protected in key donor jurisdictions and beneficiary countries.

The Board authorizes the Secretariat to implement at the earliest, in consultation with the WHO and the Millennium Foundation, a strategy that would secure protection of the UNITAID name.

The Board authorizes the Secretariat to commit up to CHF 125,000 for the protection of the UNITAID name.
